FORT KNOX GATE REQUIREMENTS FOR 2010

Since 2001 it has always been necessary to submit a gate roster of all shooters attending rifle and pistol matches on Fort Knox. The information required on the gate roster has changed over the years and has changed again for this year.

The new requirements for the gate roster and entering Fort Knox for 2010 are:

- All shooters must still use Brandenburg Gate to enter the post on match days.
- All shooters attending a match on Fort Knox must be on the gate roster that will only be used at Brandenburg Gate.
- The gate roster for Brandenburg Gate must be submitted to the Fort Knox Physical Security Officer at least one week before each match.

- All shooters must supply the following information to the Match Director **9 days before the match** you are attending: **Full Name including Middle Name, Current Address, Date of Birth, Rifle Type with Serial Number, Phone Number, and NRA Number (the last two items are used for match results only).**
- Once your information is on the gate roster for the first match you shoot at Fort Knox, it will be on each gate roster for the remainder of the season. A new gate roster will be started from scratch next year.
- If any of your information on the gate roster changes, you must get it to the Match Director before the next match you shoot on Ft Knox.
- If you have any questions about the gate roster contact the Match Director.
- The 2010 Match Director is Bill Balda at 1-800-852-0942 ext. 4536 or bill.balda@ky.gov.
